TECHNICAL SKILLS

Languages: C++, Java, Python, JavaScript

Frontend: HTML, CSS, React, Responsive Design

Databases: SQL, MySQL

AI / Agents: CrewAI, LangChain, Ollama, Multi-Agent Systems

Data Visualization / BI: Power BI

Core Concepts: DSA, OOP, DBMS.

Tools: Git, GitHub, VS Code

EXPERIENCE

Management Trainee – IT Department (Remote-Internship)

Saksham Trading Corporation

Feb 2025 – Jun 2025

Jaipur, Rajasthan

- Led website updates and ongoing maintenance while providing internal IT support, ensuring smooth day-to-day operations.
- Gained hands-on exposure to real-time IT operations and frontend development workflows, strengthening practical technical skills.

PROJECTS

Trackify AI

2026

- Developed a **head-movement tracking system** using **OpenTrack** to capture and track real-time head movements. .
- Integrated the tracking system with a **game to control in-game movement using head gestures**, enabling a hands-free interaction mechanism.
- Presented the project at **HackIndia 2026**, where it was selected as a **winning project**. .

Multi-Agent AI Student Doubt Solver

- Built a multi-agent AI Student Doubt Solver using CrewAI, LangChain, Ollama, and Groq with automated query processing and response generation.
- Designed a multi-agent workflow with distinct roles — query understanding, knowledge retrieval, and response generation — enabling agents to collaborate and hand off tasks for more accurate, context-aware answers.

Sales Performance Dashboard | Power BI, SQL

- Created an interactive sales dashboard using Power BI to analyze sales performance across products and cities.
- Used SQL queries with filtering, aggregation, GROUP BY, and ORDER BY to analyze sales data
- Designed KPI cards, charts, and slicers to present key business insights in an easy-to-understand format.

ACHIEVEMENTS & CERTIFICATIONS

Achievements

- Won HackIndia 2026 for developing Trackify AI, an AI-powered project tracking system.
- Collaborated on an innovative software solution at the Smart ABES Hackathon.
- Solved 190+ DSA problems on LeetCode, strengthening problem-solving skills.

Certifications

- Completed Cloud Computing (Elite) certification – NPTEL, IIT Kharagpur.
- Earned Python Essentials 1 & 2 certification – Cisco Networking Academy.
